

RESERVE RULES & REGULATIONS

Speed Limit

- Obey speed limits – its 10km / hr. **PLEASE** watch out for children. Do not park near the play equipment sand pit (the area is sign posted).
- There is a CLEARWAY for Ambulance access onto the playing field – please do not obstruct the clearway.

Glass

- There is none – a no glass policy is enforced.

Campfires

- Zero, nup, no way, not going to happen – remember this is a sporting ground and it needs to be free of any obstacles (even around the perimeter), which could cause injury or inconvenience, including camp fire remnants.

Pets

- If you are walking your pet around the oval – clean up any deposits they make. Preference is that pets exercise on the perimeter of the oval where ever possible. That said using the oval for pet exercise is allowed, as long as any mess made is taken away. 😊

Facilities

- Showers – please consider conservation of water. Be quick and clean.
- Young children to be supervised while at the Recreation Reserve.
- Please report to the Committee of Management any damage or uncleanliness.

General Safety

- Riding a push bike – Helmets must be on. No riding bikes after dark.
- Drones are not permitted at all within the Recreation Reserve (remember this is a landing zone for emergency helicopters).

For Clubs & Groups that hire / use the hall

The hall is to be cleaned and restored on leaving by:

- Wiping down all kitchen benches and tables.
- Removing all food scraps to outside wheelie bins.
- Emptying all garbage into outside wheelie bins (incl toilets).
- Sweeping the floor, mopping toilet floors.
- Stacking chairs and folding tables back against wall.
- If cleaners have to be employed to clean up after a community group, this will be invoiced to the hiring group at a minimum \$40 per hour where a cleaner is employed.

Thankyou 😊

Bruthen Recreation Reserve Committee of Management
