PLANNED EMERGENCY TIMINGS
72 Hours prior – Trigger Point

If you don't have an emergency plan there is still time to make one. If you do have one:

- Check key equipment.
- Check arrangements, such as:
  - Availability of alternate accomm.
  - Supplies or alternate housing for pets or other animals.
- Purchase items required, e.g. drinking water, non-perishables etc.
- Practice your plan.

48 Hours prior – Trigger Point

The Bruthen Mechanics Hall Assembly Area is now in preparation mode.
The preparation required is the same as for the 72 hour trigger point.

- Monitor weather conditions and warning updates.
- Be prepared to change you plan if conditions worsen.
- Attend community meetings

Note: All prep work such as rubbish removal, grass cutting, gutters, pump serviceability, emergency kit boxes (the long term projects) – should already be completed. When you enact your plan it should be more about confirming these preparatory jobs you needed to be done, HAVE been done. Remember, prior preparation and planning will give you the best possible outcomes.

LOCAL INCIDENT MANAGEMENT PLAN (LIMP)
BRUTHEN & DISTRICT

Incident response for Fire, Flood, Storm.

Welcome ☺, this plan contains key information on:

- Emergency response preparation
- Where to assemble / go
- When to leave (trigger points)
- Key contacts

This is a snap shot for you to keep pinned to your fridge for easy reference. This plan **SHOULD** be read in conjunction with the Bruthen & District LIMP booklet which can be obtained from the Bruthen & District Neighbourhood House (A5 format) or via the Bruthen District Website (A4 format).

Bruthen & District Citizens' Association

This LIMP is authored by the BDCA, with assistance from the East Gippsland Shire Counci

GO TO DESIGNATED ASSEMBLY AREA

Bruthen Mechanics Institute Precinct
Main Street, Bruthen

This is a designated 'Assembly Area'

during a local incident - Fire, Flood, Storm, Accident etc.

THIS IS NOT A REFUGE OR NEIGHBOURHOOD SAFER PLACE LOCATION

'WATCH AND ACT' warnings may tell communities to activate their LIMP

WHEN TO LEAVE?

When you hear that an incident is impacting Bruthen District & when advised by Emergency Services. When you leave, close all windows, draw the blinds, turn off lights and non-essential electrical items, turn off gas annd turn off your garden hoses.

Preparation for an Emergency

Note: the "trigger point" = time expected to impact.

8 HOURS AND LESS – TRIGGER POINT – SHORT NOTICE FIRE THREAT – DYNAMIC AND DANGEROUS

- Activate your emergency plan immediately.
- If safe, check neighbours, notify family/ friends of your intent.
- Follow online/radio emergency services advice.
